

VISION PLUS

Security Systems Brand Strategy

Egypt market deep search

01 | Research Summary

The Egyptian market is broad and covers different types of business segments, such as:

Vendors, Installers, System Integrators, Distributors and Resellers.

it also covers different types of security solutions, such as:

IP & HD Surveillance, Video Management Systems (VMS), Video Analytics & AI, Access Control, Time & Attendance, Biometric Systems, Video Intercoms, Intrusion & Alarm Systems, Fire & Life Safety, Security Networking, and Integrated Security & Smart Building Solutions.

The market is supported by a wide range of international brands. such as:

Hikvision, UNV, Dahua, Axis, Bosch, Hanwha Vision, ZKTeco, Suprema, HID, Honeywell, Johnson Controls, Genetec, Milestone, Siemens, Schneider Electric, and more.

This creates an opportunity for Vision Plus to position itself

as a Reseller and System Integrator, providing the right products and integrating them into complete security solutions.

02 | Competitors Landscape

03 | Brand Foundation

Vision

To become a trust security solutions partner in Egypt delivering safer and smarter environments through the right technology.

Mission

To provide the right security products and integrated solutions through technical expertise, reliable delivery and customer focused support

Core Values

Trust

Transparent and reliable relationships.

Expertise

Knowledge that leads to the right solution.

Integration

Connecting products into complete systems.

Customer Focus

Connecting products into complete systems.

Reliability

Consistent products, delivery and support.

04 | Market Opportunity

Client Pain

Too Many Choices

Customers Struggle to select the right products

Fragmented solutions

Different systems and suppliers create complexity.

Product-first selling

Customers need solutions, not simply equipment.

How we solve it

Understand

Identify the actual security requirement

Select

Recommend the right products and technologies

Support

Provide ongoing technical assistance.
